

Technology Crossover Ventures (TCV) launches its first Luxembourg parallel fund to its US\$ 3.5 billion TCV XI flagship fund

Posted 08.02.2021

Elvinger Hoss Prussen and Elvinger New York advised Technology Crossover Ventures (TCV) in connection with the establishment of its first unregulated Luxembourg fund, in the form of a Luxembourg special limited partnership, to serve as parallel fund to its recently closed 11th flagship fund raising a record US\$ 4 billion. The fund focuses solely on investing in high-growth technology companies in Europe and North America. Our advice included structuring, establishment, closing matters and financing.

The Elvinger Hoss Prussen team was led by Cintia Martins Costa and Jeffrey Kolbet (Fund Financing and Investment Funds) and the Elvinger New York team was led by Nicolas Fermaud (Investment Funds).
